thereby, War in Europe, therefore, will enrich

On the 19th, 16th and 19th list, we expressed in plain words what we thought would be the effect of the Europeau war upon the business and commerce of the United States. We have since maders the upon the business and commerce of the United States. We have since maders the upon the business and commerce of the United States. We have since maders the upon the business and commerce of the United States. We have since maders the upon the property of the pool of the property of On the 13th, 16th and 19th inst, we expressed in plain words what we thought sell their collaterate at a sacrifice, so that he may buy them and obtain targains with his ready cash. The speculators in securities on the mere mention of war, as seen in the New York stock market last FINANCE. domlay and during the week, sell what

The extreme heat and want of rain has ver securities they hold, and in addition the effect of keeping many people at home just now who otherwise could find time thereto as much more or perhaps a great deal more for "short" account, in the deal more for "short" account, in the hope of realizing a profit in the rapid de-cline of prices which they work hard to bring about by selling short and "talk-ing" panic. They rely on the co-opera-tion of the money-lender and the con-tracel condition of men's minds at such visit the city. The wagon roads are extremely dusty, and the railrouds are also in want of rain. In money circles there is nothing of material interest to record. There is very little doing in any-thing, and rates remain as they were. Banks check on the East at 14 premium, and when a cotton bill offers it is taken at a season to produce a feeling of distrust favorable to their schemes for spreading par, but the latter is a rare occurrence. panic, distrust and low prices. A short time, however, always suffices to clean The only operations in paper that we can learn of are upon the street, where out of the market the weak and timid 13, 62% per cent, are the ruling rates, City Bonds are in some demand at 47e, and Memphis and Charleston Hallroad holders of securities. This last week has illustrated this resume, as the results of war in Europe on our own Stock Ex-change. Since Monday last the weak holders and timid holders of securities. City Scrip is difficult to quote. Deslers ties are very quiet.
City Serip is difficult to quote. Dealers cave not only sold all they held, but in addition thereto three or four times the amounts, to community be been forced on the market at very light.

Tennessee money is in demand. A dealer took \$2000 at 70½c, and offered to tax payers at 72c.

County Warrants are dull and unset.

The export of these two useless commodities, as far as our own use is concerned, viz., gold and our surplus grain, will relieve our banks from carrying a heavy line of loans on them, and will make our money markets casier by exchanging at higher prices these useless products for European cash. The national wealth will be increased by the exports of gold and grain at high prices and our TRADE.

wealth will be increased by the exports of gold and grain at high prices and our money markets will be made easier. War in Europe is prosperity to the United States.

As to the return of Government bonds to the United States in consequence of the mandel essewhere, and goes up steadily about 25c daily. Since Monday last it has advanced 75c@31 per bbl. in this market, with stocks light and declining. Corn is also some better to-day, but

to the United States in consequence of war, it has become evident yesterday and to-day, from the action of the shrewdest forman banker in buying back the bonds he sold early in the week, that this is a fallacy. European investors have more confidence in the United States bonds than any other security they hold. The low sales of the week have been made by and for account of "margin" men, sud the buyers of them in most cases were the money-lenders on them as collaterals. It is the old and oft-repeated story of the speculators victimized by the moteys the old and out-repeated story of the speculators victimized by the money-lenders. The bonds are not coming back to this country at all, but will be held in Europe for a market by the persons who bought them this weak from the victim-

BUTTER—Common is abundant and dull at 18@22c; choice is held at 25@23c From all we can yet learn, says the Baltimore Gazette, it seems to be very evident that in the haste with which the income tax has been jockeyed through Congress it tax been left in a somewhat indefinite anape, so that it is almost impossible to know what can be legally designed.

dull at 18@22e; choice is held at 25@28e and scarce.

Badding—Nominal. Kentucky, 31@ 32e.

Brans—Choics Navy, \$2 00@2 50 per bushel; mixed white, \$1 25@1 50.

Brooms and Broomcount—Brooms are steady at \$3 00@5 00 per doz as to qualify. Congress it has been left in a somewhat indendita shape, so that it is almost impossible to know what can be legally demanded by the Commissioner of Internal Revenue for the year 1270. As we receive the present act we read:

"That the taxes on incomes herein imposed shall be levied and collected for and during the years 1870 and 1871, and no longer."

Yet we know that in the Senate, when the amendment, fixing the tax at two and the source of the present act we read:

Carrier Prices are very firm and stocks moderate. Rio 20@25c, as to quality.

Corron Yarns—No. 400, 20@21c; 500, 17@18c; 600, 16@17c; 700, 13@14c. the amendment, fixing the tax at two and a half per cent, was passed, it was then COTTON SEED AND MOTES—Cotton excit

provided that it should be levied for the years 1871 and 1872. How, then this discrepancy, and where was the change mode?

The old law, under which the tax for 1860 was levied, required:

That the taxes on incomes herein imposed shall be levied on the 1st day of March, and be due and payable on or before the 30th day of April, in each year, outh and including the year 1870, and no longer?

The question is whether the income tax for 1870 could have been levied before the 1st day of March, and whether the fact of its not having been levied before the 1st day of March, and whether the fact of its not having been levied before the ist day of March, and whether the fact of its not having been levied before the ist day of March, and whether the fact of its not having been levied before the ist day of March, and whether the fact of its not having been levied before the ist day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the fact of its not having been levied before the list day of March, and whether the income tax for 1870 could have been levied before the list day of March, and whether the income tax for 1870 could have been levied before the list day of March, and whether the income tax for 1870 could have been levied before the list day of March, and whether the income tax for 1870 could have been levied before the list d
